VALUE

Value:

(*noun*) relative worth, merit, or importance.

(*verb*) to consider with respect to worth, excellence, usefulness, or importance.

"For physical training is of some value (useful for a little), but godliness (spiritual training) is useful and of value in everything and in every way, for it holds promise for the present life and also for the life which is to come. This saying is reliable and worthy of complete acceptance by everybody. With a view to this we toil and strive, [yes and] suffer reproach, because we have [fixed our] hope on the living God, Who is the Savior (Preserver, Maintainer, Deliverer) of all men, especially of those who believe (trust in, rely on, and adhere to Him). "

1 Timothy 4:8-10

Try not to become a man of success, but a man of value. Look around at how people want to get more out of life than they put in. A man of value will give more than he receives. Be creative, but make sure that what you create is not a curse for mankind.
