PROGRAM. EQUIPPING, TRAINING & BUILDING CHRISTIAN LIFE
COACHES. GIVE US ONE YEAR, WE WILL GIVE YOU THE REST OF
YOUR LIFE.

THE MANIFESTO

I am a Covenant Coach.

I help people discover the truth of who they are so they can live it out to the fullest in their lives.

I see what is wrong so I can make it right.

I hear the problem so I can find the solution.

I feel the hurt so I can heal the pain.

I have access to wisdom and power because of who I am and Whose I am, and because of the Covenant Power at work within me.

I have been chosen, anointed, and empowered for this position.

I am compassionate.

I am loving.

I am strong.

And I coach my clients with everything in me.

I believe in serving my clients to my highest ability and helping them transform their lives by the renewing of their minds.

I coach them with proven strategies, learned skills, divine insight, and the eternal wisdom that can only be found in the Word of God.

I coach hard.

I coach relentlessly.

I coach passionately.

And I do not give up on my client because God never gives up on me.

I was made for this.

I am a Covenant Coach.

What is LIFE COACHING?

Just like you would hire a basketball coach to help you improve your game on the court, life coaching helps individuals improve the game of life. The quality of life is determined by the quality of thoughts and the decision-making process. Good coaches help people get good results in their lives. Covenant Coach Academy doesn't train good coaches. We train excellent coaches who know how to use therapeutic strategies, coaching tools, and the Truth of God's Word to help people live abundant lives.

The COACHING TREND

There was a time, back in the 1970s, when having a personal trainer or going to a gym was a pretty crazy thought. It was a luxury reserved for professional athletes. Today, almost every person you meet is a member of a gym (if not 2 or 3), and most have a trainer they work with if they are serious about getting results. Why the change? Because people realized the importance of their physical health. The way you feel determines how you live.

Today, life coaching is on a rapid upward trend. Just a few years ago, people thought—and most still do—that having a personal life coach was a luxury reserved for CEOs and TED talkers. However, the population is beginning to understand the importance of mental health and realizing that life coaching is a vital part of that. Life coaching as a market is growing at an astonishing rate of 6.7% yearly and is quickly becoming one of the top three fastest-growing career niches in the world. Research is also predicting that this trend in life coaching is not slowing down, but instead just a sign of what will eventually become the norm.

Pretty soon, “who’s your life coach?” will be as mainstream as, “who’s your dentist?” And those who are trained to be coaches will be on the receiving end.

Why CHRISTIAN Life Coaching?

Anyone can train to be a life coach. You can drop some money on a PayPal link and get a two-week program and a sheet of paper that says you're a life coach. But are you ready to hold someone's mind in your hands and lead them to breakthroughs? There is a reason that the Bible has been a #1 bestseller each year, every year, throughout time, and throughout this planet. God's Word works! And when you have His life-altering strategies, you can truly facilitate lasting change. All truly effective coaching strategies have their roots in biblical wisdom. Why don't we just cut out the middle-man and go straight to the King of kings?

Why COVENANT COACH ACADEMY?

Covenant Coach Academy is a unique blend of psychological strategies, scientific knowledge, and faith implementation. Unfortunately, most Christian programs leave out scientific strategies, and most secular programs leave out faith principles. Imagine what would happen if you merged these together? What happens is profound. We are taught in 2 Corinthians 10:5 to "take every thought captive." Using the power of science and faith, the program within CCA teaches exactly how to do that. Because if you can change your thoughts, you can change your life.

Covenant Coach Academy (CCA) is an intense training program that provides coaches with every tool and strategy they would need to carry the immense responsibility and privilege of coaching clients to create abundant, joyful, and successful lives. We operate by the principle that you cannot lead people where you are unwilling to go. So we make dramatic decisions to create dramatic results. We're not for everyone. In fact, 1 Peter 2:9 calls us "peculiar people" and we're pretty proud of that!

Wealth Creation As A COACH

CCA has a unique method to help all of our trained coaches begin creating a stream of income before they have even exited out of the training program.

Unfortunately, most life coach training programs leave out the essential aspect of making money, which puts the burden of sales and monetization on the coach. We believe life coaching training should cover everything required for you to achieve absolute and unlimited success, and we take care of that. Life coaching as an industry exceeded 1 billion in 2022. Although the average income of an active life coach is \$46,678, we believe there is enormous potential to eclipse the average, and we provide the training to do just that. After all, we don't believe in average. Deuteronomy 8:18 tells us "you shall [earnestly] remember the Lord your God, for it is He Who gives you power to get wealth, that He may establish His covenant which He swore to your fathers, as it is this day." Creating wealth as a Covenant Coach not only means you are impacting lives by helping people invest in their future, but wealth in the hands of Covenant Coaches truly change the world. We are funding the gospel, feeding the hungry, and building God's kingdom here on earth with the wealth we create.

The CCA ADVANTAGE

As you glance through the extensive training, opportunities, and bonuses inside the CCA program, you will see we left nothing out. From your training to your client roster, to your continued growth, we took care of it all. Want to be an author? You got it. Want to write a book? You got it. Want to be a speaker? Want to be an online celebrity? You got it. We believe in options because everyone has a different way to show up in this world. We want to get behind you and help you excel in your God-given anointing. CCA is truly your "one-stop-shop" in life and business mastery.

COVENANT COACH ACADEMY

About the CCA Founder

Hannah Keeley was life coaching before “life coaching” was a thing! With a background in behavioral psychology and training as an ordained minister, Hannah combines her knowledge of brain science with her wisdom of God’s Word into a simple, yet profound program—Covenant Coach Academy.

Hannah believes that the vast majority of problems in life are rooted in fear. However, “God does not give us the spirit of fear, but of power, and of love, and of a sound mind” (2 Timothy 1:7). As believers, we have access to a covenant with God that not only eradicates fear from our lives, but also allows for power over our thoughts, love for ourselves and others, and a sound mind to make the best, most profitable decisions for our lives.

Hannah began life coaching in 1998, as a faith ministry toward moms. It has since evolved into Mom Mastery University, an online portal for mom-specific, faith-based life coaching, and

Covenant Coach Academy, to train life coaches, provide life coaches, and equip ministry staff to serve their people at the highest level through life coaching. Hannah and her husband, Blair, have seven kids and enjoy being parents, grandparents, and entrepreneurs in Richmond, Virginia.
